

Our **Clean Blends** represent our commitment to blending smoothies without any of the ingredients on this list. We will update this list on a regular basis as we continually improve our products:

- Aluminum Ammonium Sulfate
- Aluminum Potassium Sulfate
- Artificial preservatives
- Artificial Colors
- Artificial Flavors
- Acesulfame-K (acesulfame potassium)
- Aspartame
- Azodicarbonamide
- Benzoic Acid
- BHA (butylated hydroxyanisole)
- BHT (butylated hydroxytoluene)
- Brominated vegetable oil (BVO)
- Calcium saccharin
- Calcium Sorbate
- Caramel Color (II-IV)
- Carboxymethyl cellulose
- Carmine / Cochineal
- Cyclamates
- Diacetyl (added)
- DATEM (Diacetyl tartaric and fatty acid esters of mono and diglycerides)
- Dipotassium Sulfate
- Disodium dihydrogen EDTA
- Disodium calcium EDTA
- Ethoxyquin
- Ethyl vanillin
- Disodium guanylate
- Disodium inosinate
- Fat Substitutes (including Salatrim)
- Glycerides
- Glycerol Ester of Wood Rosin
- GMO Fruits and Vegetables
- High Fructose Corn Syrup
- Hydrogenated Starch
- Hydrogenated oils and fats
- Hydrolyzed Soy/Corn protein
- L-cysteine
- Maltodextrin
- Monosodium glutamate (MSG)
- Natamycin
- Neotame
- Nitrates/Nitrates (excluding those used for vitamin fortification)
- Parabens
- Partially hydrogenated oils
- Polydextrose
- Polyethylene glycol
- Polysorbates
- Potassium Benzoate
- Potassium Sorbate
- Propionates
- Propylene glycol alginate
- Propyl gallate
- Propylparaben
- rBST containing dairy ingredients (added, not naturally occurring)
- Saccharin
- Silicones / Siloxanes
- Sodium benzoate
- Sodium diacetate
- Sodium lactate
- Sodium nitrate/nitrite
- Sorbates
- Sucroglycerides
- Sulfites
- Synthetic acids
- TBHQ (tertiary butylhydroquinone)
- Tetrasodium EDTA
- Theobromine (added)
- Titanium dioxide
- Triacetin / Triacetate
- Vanillin, when not naturally derived
